

## The Latest Slippery Slope

Increasing euthanasia and assisted suicide is being reported around the world. In the past few months, Israel is working to approve assisted suicide. Quebec has already pushed it through.

In Switzerland where assisted suicide is permitted, it now is officially approved on the grounds of "old age."

Belgium physicians are averaging the killing of five patients per day by aiding in their deaths.

These same doctors have approved the killing of intensive care unit (ICU) patients. Plus, euthanasia has been legalized for children with disabilities.

Not only is Belgium targeting children, but also British doctors have been **killing terminally ill children by secretly giving them deadly overdoses.**

In our country, Wesley J. Smith, a leading voice on medical ethics and the euthanasia issue, reports that bioethicists are suggesting that **nursing homes and hospitals** should be...

..."**legally required** to starve patients who can eat and drink, **if they have serious dementia** and **have ordered their starvation deaths** in an advance medical directive."

This is referred to as **VSED**, an acronym for **"voluntary stopping eating and drinking"** and, according to Smith, is **"the latest craze among the 'death with dignity' crowd."**

According to Bobby Schindler, the leader of *Terri's Life & Hope Network*, the 1990 Supreme Court decision, *Cruzan v. Director, Missouri Dept of Health*, redefined food and water (via feeding tube) from basic and ordinary care to "medical treatment."

## Mary's Home

The groundbreaking for Mary's Home was held on April 6, 2014. The Casa Linda apartment complex on Airport Rd. is now being renovated by the Dream Center of Colorado Springs for single mothers who find themselves in difficult situations and who need a "hand up."

They will be able to live rent free for 12-24 months in a one or two bedroom apartment. Health care will be provided by the Dream Center health clinic. Also, skills training as well as Christian counseling and therapy will be provided.

New Life Church has been the originator of this project. Eleven other churches stepped in with money and volunteers. All local churches are most welcome to participate in this worthy cause.

When renovation is complete, there will be 17 units. Radiant Church has stepped up and "adopted" one unit. If your church is in need of a "project", an apartment at Mary's Home would be a great one.

For more information, contact Dream Centers of Colorado Springs, [info@DreamCentersCS.org](mailto:info@DreamCentersCS.org) and/or Pastor Brady Boyd at New Life Church – [info@newlifechurch.org](mailto:info@newlifechurch.org)

## More Good News

Life Network has purchased a vacant chiropractic office building at 3925 Centennial Blvd. Some changes will be made to the interior of the building. The renovation is expected to be complete in mid-July.

Not only will this pregnancy center be in a busy location, but also, it is only a short distance north of the Planned Parenthood facility.

This will allow sidewalk counselors beside the Planned Parenthood abortuary to easily direct women to Life Network via voice and sidewalk signs.

## The President's Corner

### A Monthly Gift

In honor of  
*Fr. Bill Carmody*  
from  
Rosemary Marron  
\*\*\*\*\*  
Thanks & Blessings!

We are most blessed to receive both prayer and financial support for the love of Life. Both are vitally important and most welcome any time.

Could a version of the Chinese “one child” policy be coming to America?

Bioethicist Peter Singer, speaking at a “reproductive rights” conference, concluded, ironically, that “women’s reproductive rights may one day have to be sacrificed for the environment.”<sup>1</sup>

Using the analogy of cows overgrazing, the speaker explained that it may be necessary to restrict births even for women who want children.

Absent from his analysis was any recognition that human beings, unlike cows, have the ability to reason and to solve problems, and thus are not the burdens he concludes them to be.

Singer is actually trying to take society backwards to when ancient societies sacrificed their children in order to appease the gods so that the harvests would be good, the sun would rise, etc.

Truly moving forward requires us to treat human beings as what they really are, fantastic treasures.

### “Where Will You Go?” – Final

This is part 5 of the Letter to the Editor from Maria Sachs about living in Germany with the Nazis during the 2<sup>nd</sup> world war.

~~~~~  
I plead with you in America to preserve the values and ideas your Nation has long held dear. Read history and you will find that a godless nation cannot long survive.

You cannot build a future on the blood of the innocents. You have to be human first and not a cash register. If you will take a life today, your life will have to be taken tomorrow for someone else’s convenience.

When I escaped from behind the Iron Curtain, I was lucky. I had a place to go yet; I could come to a free, God-fearing country, to the United States. But now, because of the about-face in our “free Country”...

I ask you Americans, where will you go when the death sentence is spoken to you because you are too young or too old, too sick, too White or Black, too poor or rich or when you will become unwanted? Where will you go?

Maria Sachs

## **Thoroughly Disgusting!!**

Since its beginning, Live Action has women posing as young teens going to abortion facilities and taking undercover videos of their visits.

The latest report from Lila Rose, President of Live Action, tells of a recent episode in Indiana where a **Planned Parenthood counselor encouraged a 15-year-old girl to engage in sadomasochistic sexual relations.**

The Live Action worker posing as that 15-year-old came out of her “counseling session” with an undercover video confirming the recommendation of the PP staff worker.

The PP counselor said to her: “You could be a dominatrix-type of person where you dress in all leather, with the whips and the handcuffs. **It just depends what type of pain you can take.**”

Planned Parenthood, which casts itself as a leading sex educator, regularly implements sexually explicit advertising campaigns and seminars.

Included is a series of metro ads reading, “We’re your one-night stand,” and a seminar for teenagers on “how a BDSM relationship is successfully navigated between sexual partners.”

Lila Rose writes: “You’ve heard of Planned Parenthood – a benign and totally helpful “health care” provider, from the look of its website. But [we] know better.

“You know that as America’s number-one abortion corporation, PP destroys more innocent children in the womb than any other enterprise in our country.

“With even more millions from ObamaCare going to “sex education” initiatives – and with PP at the front of the line for those funds – Live Action decided to find out what this abortion corporation is teaching our kids.

“As well as killing over 320,000 children a year, PP is planning a **different destruction for our born children.** Go to [Planned ParenthoodExposed.com](http://PlannedParenthoodExposed.com) to learn more.”

“Live Action’s Mission begins with: “Pray for the conversion of heart of all associated with **Planned Parenthood** and its clients.” (emphasis added)

Excerpts: Ertelt, S; “PP Lies...” LifeNews.com; 12 June 14

## **Planned Parenthood Colorado Springs**

Surgical abortions are done on Thursday and Friday mornings on preborn babies up to 18 weeks, 6 days. The “client” remains there for 3 to 5 hours. Those in-clinic abortions cost from \$435 to \$915, depending upon how far along the mother is in her pregnancy.

Any day of the week, the abortion pill is offered up to 9 weeks of pregnancy. The mother remains in the clinic for 2 to 3 hours. The cost for the pill is \$435.00.

Ultrasounds are done for \$90.00 and sedation for an abortion has an extra cost.

Planned Parenthood is closed on Sundays. They are open on Mondays 8:00 to 5:00; Tuesdays 11:00 to 7:00; Wednesdays, Thursdays and Fridays 9:00 to 5:00; Saturdays 8:00 to 3:00.

Prayer warriors are invited (and urged) to pray along the sidewalk all the time that PP is open. The vigil schedule is almost filled with people committed to pray on Wednesdays, Thursdays, Fridays and some Saturdays. Mondays and Tuesdays the sidewalks are almost empty.

We must remember that God loves the abortionists and the staff at this and all abortuaries as much as He loves us. Let us pray that they be released from their spiritual bondage and that they see what abortion truly is.

## **A Beautiful Day**

An Ohio woman on May 11 gave birth to identical twins who were born holding hands.

Babies Jillian and Jenna Thistlethwaite, who arrived on Mother’s Day, shared the same placenta and amniotic sac – a rare occurrence called monoamniotic – but were breathing on their own within a few hours.

The condition only happens once in 10,000 pregnancies and can cause death by entangled umbilical cords.

CNN was in the room to capture the medical rarity: “They’re already best friends,” mother Sarah Thistlethwaite said of the twins holding hands.

World – May 31, 2014, pg 14

## It's "Fair" Time in the Rockies

### The El Paso County Fair

Saturday, July 19 – Saturday, July 26

**Please** help staff a 3-4 hour shift!

Your help is greatly appreciated.

~~~~~

Be a Defender of Life!

We do know of a number of booth visitors whose minds were changed. It may be that you are just the one who is needed at the booth at one particular time.

There will be no graphic abortion pictures in our display.

Staffers also will be needed at the Colorado State Fair in Pueblo – Friday, August 22 thru Monday, September 1.

Please contact us at 630-1999 or via e-mail at [contact@ppcitizensforlife.org](mailto:contact@ppcitizensforlife.org).

## Brooklyn Lived 118 Days

Little Brooklyn was born with a rare chromosomal abnormality and doctors didn't expect her to live long after her birth.

"I'm so so thankful that we got to look in her eyes and meet her today and that we got to do that for 118 more," said Adam during a prayer.

Both parents look forward to the day they will see their daughter again.

"When I think of heaven, it holds a lot of hope," said Corrie. "Celebration and joy can still exist in the face of something dire and terrible."

If anything, the Hulls know better than most the value of a single day.

"Brooklyn had 118 days. We have a day here today. Our opportunity is to enjoy it and realize the gift," said Adam.

There are times Corrie would rather not have to endure the heartache but ultimately knows to live for every moment.
